

baby-friendly POLICY

WE BELIEVE BREASTFEEDING
is important.

The Windsor-Essex County Health Unit (WECHU) supports, promotes, and protects breastfeeding by implementing the Breastfeeding Committee for Canada's Baby-Friendly Initiative.

- We welcome and support all families!
- We support families to make informed decisions about feeding their babies.
- We support breastfeeding anytime, anywhere!
- We promote breastfeeding as the normal way of feeding a baby.
- We promote exclusive breastfeeding for the first six months of a baby's life, and continued breastfeeding for up to two years and beyond.
- We train our staff and work with community agencies to support, promote, and protect breastfeeding in Windsor-Essex County.
